Because of your support, Enough Services has been able to provide over $30,000 in direct aid to survivors; funding education, housing, tattoo removal, and other essential needs. We also distributed over 275 care kits to partner agencies and connected with new survivors at community events, offering them a path forward.

To Enough Services,

I am so grateful for your friendship. Locating funds for human trafficking survivors has always been the biggest struggle. You have given us a new avenue to help our clients with the little and big things that they need most. I wish you could see their faces and expressions of gratitude when they receive the precious gifts you provide them with. With each gift, survivors gain a little bit of hope.

To a long-lasting relationship!

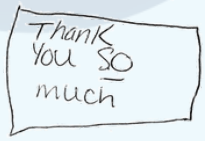
Dear Enough Services,

On behalf of the survivors of human trafficking I work with, I want to extend my deepest and most heartfelt thanks for your recent generous contributions. The stroller, baby walker, stove, mattress, and lawnmower you provided have made an immediate and meaningful impact on the lives of those I serve.

Each item you donated has met a critical need and brought a new level of comfort, dignity, and hope to these resilient individuals as they work to rebuild their lives.

Your support goes beyond material assistance—it sends a powerful message that these survivors are seen, valued, and not alone. It is organizations like yours that help turn healing into thriving, and survival into strength.

I am so grateful for your partnership in this life-changing work. Thank you for standing with SERV and with the brave individuals who are reclaiming their futures.

With deepest appreciation,


Celeste, Anti- Human Trafficking Advocate
